Dear Michael,

Thanks again for your interest in the idea we shared regarding materials from our hotels being potentially stored for disaster relief.

We heard this week that the Bellagio Resort Renovation that we had in mind for this concept is being delayed, and we don't have a definitive date for when this will be retriggered.

My planned next step has been to send you details of the quantity of products and timeline for availability, but now that is not possible.

We may have other major renovations in the future but I just wanted to inform you about the major change described above. We will have to put the idea on hold for the moment.

Thanks and best regards,

Dear Michael,

Thank you so much for your note, and for taking the time to come to Las Vegas for the award ceremony. We were greatly honored by your recognition, and presence.

I will be out of the country on April 9 but I know our DC based VP of Government Affairs will attend. I've also cc'd Brittany Price who you met yesterday; we'll check if Brittany can travel for the event.

Thanks also for agreeing to share our renovations-for-disaster-recovery concept with FEMA. Will share details in a separate message next week.

Thanks again and best regards,
